The Skip Warren Award honors Mason Dunn, a trans rights advocate and activist who for many years has committed himself to advocacy on behalf of transgender issues. He is the Executive Director of the **Massachusetts Transgender Political Coalition** (MTPC). MTPC, under Mason's leadership, is working with **Freedom Massachusetts**, a coalition of leading nonprofit and advocacy organizations who have joined together to defeat a dangerous initiative on the statewide ballot in November 2018. That initiative would repeal our state's non-discrimination law ensuring fair and equal treatment for our transgender neighbors, family and friends.

**Proceeds Benefit: MTPC (Massachusetts Transgender Political Coalition)**
